About Pokémon Fire Red.

Gameboy Advance – although the system belongs to the past still has memorable games, typically Pokemon, Megaman Battle Network, Mario ...

Pokemon Fire Red has a great storyline.

The story begins with a young coach in the Kanto continent, raising dreams, ambitions to become a great Pokemon trainer. However, a mysterious criminal organization known as Team Rocket appeared with the ambition of acquiring the entire continent with armed forces, which are the battle-force Pokemon. And so our hero has to “cum” the task of rescuing the whole realm by training himself and defeating 8 GYMs department leaders to achieve prestigious badges to prove his abilities. As well as reinforcing the force to wipe out Team Rocket’s shadow.

Turn-based battles help you explore the vast Pokemon world.

Still based on the discovery mechanism – traditional turn-based combat of the series, Pokemon Fire Red gives players a battle between tight and engaging Pokemons . Every win will give you the amount of experience needed to level up, and help the animals evolve into stronger Pokemon. Players can also catch many new Pokemon during Kanto discovery.

Pokemon comes back with a new look.

With a beautifully rebuilt and bright graphics background, the game’s scenes appear quite harmonious, especially when compared to the original Pokemon Green and Red “black and white”. The soundtrack is a bit low, but it is difficult to demand much for a game that is released for consoles.
