How to Update HP OfficeJet 4650 Device Drivers Quickly & Easily.

Step 1 - Download Your Driver.

To get the HP OfficeJet 4650 driver, click the green download button above. After you complete your download, move on to Step 2 .

If the driver listed is not the right version or operating system, search our driver archive for the correct version. Enter HP OfficeJet 4650 into the search box above and then submit. In the results, choose the best match for your PC and operating system.

Tech Tip: If you are having trouble deciding which is the right driver, try the Driver Update Utility for HP OfficeJet 4650. It is a software utility which automatically finds and downloads the right driver.

To find the newest driver, you may need to visit the HP website. Most major device manufacturers update their drivers regularly.

Step 2 - Install Your Driver.

Once you have downloaded your new driver, you'll need to install it. In Windows, use a built-in utility called Device Manager, which allows you to see all of the devices recognized by your system, and the drivers associated with them.

How to Open Device Manager.

In Windows 10 & Windows 8.1 , right-click the Start menu and select Device Manager.

In Windows 8 , swipe up from the bottom, or right-click anywhere on the desktop and choose "All Apps" -> swipe or scroll right and choose "Control Panel" (under Windows System section) -> Hardware and Sound -> Device Manager.

In Windows 7 , click Start -> Control Panel -> Hardware and Sound -> Device Manager.

In Windows Vista , click Start -> Control Panel -> System and Maintenance -> Device Manager.

In Windows XP , click Start -> Control Panel -> Performance and Maintenance -> System -> Hardware tab -> Device Manager button.

How to Install a driver from Device Manager.

Locate the device and model that is having the issue and double-click on it to open the Properties dialog box.

Select the Driver tab.

Click the Update Driver button and follow the instructions.

In most cases, you will need to reboot your computer in order for the driver update to take effect.

Tech Tip: Driver downloads and updates come in a variety of file formats with different file extensions. For example, you may have downloaded an EXE, INF, ZIP, or SYS file. Each file type has a slightly different installation procedure to follow.

For more help, visit our Driver Support Page for step-by-step videos on how to install drivers for every file type.

Softonic in:

The name and logo of Softonic are registered trademarks of SOFTONIC INTERNATIONAL S.A. Copyright SOFTONIC INTERNATIONAL S.A. © 1997-2021 - All rights reserved.

In Softonic we scan all the files hosted on our platform to assess and avoid any potential harm for your device. Our team performs checks each time a new file is uploaded and periodically reviews files to confirm or update their status. This comprehensive process allows us to set a status for any downloadable file as follows:

It's extremely likely that this software program is clean.

What does this mean?

We have scanned the file and URLs associated with this software program in more than 50 of the world's leading antivirus services; no possible threat has been detected.

This software program is potentially malicious or may contain unwanted bundled software.

Why is the software program still available?

Based on our scan system, we have determined that these flags are possibly false positives .

What is a false positive?

It means a benign program is wrongfully flagged as malicious due to an overly broad detection signature or algorithm used in an antivirus program.

It's highly probable this software program is malicious or contains unwanted bundled software.

Why is this software program no longer available in our Catalog?

Based on our scan system, we have determined that these flags are likely to be real positives.

We'd like to highlight that from time to time, we may miss a potentially malicious software program. To continue promising you a malware-free catalog of programs and apps, our team has integrated a Report Software feature in every catalog page that loops your feedback back to us.

Flag any particular issues you may encounter and Softonic will address those concerns as soon as possible.
