First Aid Free Printable Workplace Posters 2021.

LaborPosters.org has a collection of thirteen free printable First Aid posters that may be useful for relevant businesses to post.

These posters, published by various organizations including the Red Cross, provide essential information on providing emergency first-aid in the workplace. Important topics covered include first-aid for choking, AED usage, CPR, and treatment of severe allergic reactions.

Is My Business Required To Post First-Aid Information Or Have A First-Aid Kit?

While the posters provided here are not required by federal law, some states may have requirements regarding display of first aid information. Additionally, many states require food establishments to display choking first-aid posters.

The Occupational Safety and Health Administration (OSHA) standard 1910.151 (b) requires that certain businesses provide "adequate first aid supplies, readily available" as well as, in some situations, train personnel in first-aid. It is important to remember that instructional posters cannot replace professional first-aid training.

This first aid kit meets OSHA's recommended ANSI 2009 standards, providing adequate first-aid supplies for up to 100 people.

Other First Aid Workplace Posters 13 PDFS.

There are an additional thirteen First Aid workplace posters that are either optional, or mandatory only for a certain type of employer. Be sure to check this list carefully to see which posters are relevant to your business.
