Uncharted: Drakes Fortune is the first part of the adventure game in which the main character is an adventurer Nathan Drake who moves in an expedition in the footsteps of his ancestor. During the expedition Nathan finds a diary by which his friends find themselves on a mysterious island full of adventures and dangers. Mame slot machine. The game combines elements of adventure and arcade with excellent artwork cast in the wonderful climate. The game is not boring and will give a lot of joy from the game for several hours or longer.

Inpixio photo clip mac. Uncharted for PC : A Thief's End is an action-adventure video game developed by Naughty Dog and published by Sony Computer Entertainment. It is the fourth main entry in the Uncharted series, and was released in May 2016 for PlayStation 4. The single-player story follows Nathan Drake, a former treasure hunter, who is coaxed out of retirement by estranged older brother Sam to search for Henry Avery's lost treasure, whilst battling a mercenary group led by Rafe Adler and Nadine Ross, who are also after the treasure. The game is the last in the series to feature Nathan Drake.

Development was hampered significantly in 2014, after lead writers and creative directors Amy Hennig and Justin Richmond departed Naughty Dog. They were replaced by Bruce Straley and Neil Druckmann, who had directed the company's previous game, The Last of Us, and many elements were scrapped or redesigned. The development team sought to incorporate elements of open-world gameplay, with vehicles and larger levels. Stealth play was also made more realistic, and multiplayer was upgraded with competitive and co-operative modes. Lyn 1 7 2 – lightweight image browser and viewer.

Uncharted for Windows & MAC: A Thief's End received praise for its narrative, emotional depth, musical score, visual quality, improved gameplay, and multiplayer modes. Several reviewers found the game a worthy conclusion to Drake's story arc, and it won Game of the Year

awards from several gaming publications and award events. It quickly became the highest-selling game in the series, and is the best-selling PlayStation 4 game. A standalone expansion, *The Lost Legacy*, was released in 2017.

*Uncharted Ocean* is a historical simulation sailing RPG set in the Age of Discovery (between 1400 and 1600 CE). European Imperialist fleets began colonizing the world through trade and brutality across dangerous waters. Players can choose from 8 nationalities, each with unique skills, allies and enemies.

You're not alone in the ocean, between ports the world is full of Pirates! You can fight pirates who try to attack you, or you can become a crew of lawless sea dogs yourself. To defend yourself or attack your victims, you can recruit skilled crewmen and construct powerful battleships. How to do that will be up to you!

You'll need cash to finance your growing fleet, pay crewmen, and finance upgraded weapons. To fill your coffers you can trade goods between ports, or turn to piracy and attack other traders on their routes. With enough investment, you can fortify and upgrade ports for better rewards.

**Trading** – Players will visit nearly one hundred unique ports when exploring the world based on real historic locations. Each has different goods to trade, and characters to discover. You can even become the Mayor of an entire port city! **Naval Battles** – Make allies and enemies with other ships at sea. Will you stay on the straight-and-narrow or plunder everyone you meet? **Ship Building** – Construct an entire fleet by customizing hulls, cannons, figureheads and more. **Storm's A-Brewing** – Every time you trim the sails you have to consider wind speed and power. Weather effects like fog and storms will limit your sight and damage your ship. The Cape of Storms is notorious for sinking ships not strong enough to weather through! **Duels!** – Mano y mano sword showdowns will sometimes decide the fate of characters and crews. **Exploration** – There's a whole ocean out there. Find treasure in sunken ruins between ports, with hundreds of collectibles, there's always better treasure to find. **Black Market** – sometimes what you need isn't always available (or legal!) Smugglers are much harder to find but trade in top-shelf goods.

In each game, there are some main features by which the game lover love to play the game. This game also has the best features which I describe below you can check below:

Advance fighting Systems  
The characters of the game are fully customized

Uncharted – Drake’s Fortune is a blend of activity enterprise gameplay components and 3D platforming with a third-individual viewpoint. Platforming components permit Nate to hop, swim, get and move along edges, climb and swing from ropes, and perform other gymnastic activities that permit players to advance along the remains in the different ranges of the island that Drake investigates.

At the point when confronting adversaries, the player can either utilize skirmish and combo assaults at short proximity to take out enemies or can pick to utilize weapons. Skirmish assaults include an assortment of single punches, while combo assaults are enacted through particular successions of catch presses that, when timed accurately, offer much more prominent harm; the most harming of these is the particular “fierce combo”, which constrains foes to drop double the ammo they would regularly take off. Nate can just convey one gun and one rifle at once, and there is a restricted measure of ammo per weapon. Grabbing an alternate gun switches that weapon for the new one.
