MasterCook 15 is the most comprehensive cooking and recipe management software program available. With your free subscription to MasterCook.com, you can create, clip, save and store up to 50,000 recipes online. Upload recipes and cookbooks to MasterCook.com and then edit, view or share them from any internet browser.

Award-Winning Features:

Cookbooks & Recipes • Organize thousands of recipes into customer cookbooks • Store thousands of recipes online in your own private account • Auto-import recipes from your favorite websites • Create cookbooks and shopping lists • Design menus and meal plans • Filter recipes by dietary requirement • Track nutrition and costing for recipes • Scale any recipe in just 1 click • Search recipes by cookbook, category, cuisine, or special diet needs • Find nutrition and cost per serving for recipes & menus • Collaborate and share recipes with others in real time with group cookbooks • Share on email, Facebook, Pinterest, and Evernote.

Sync Your Content • Transfer all your recipes, cookbooks, and shopping lists from PC to PC, mobile to PC, tablet to tablet – any combination. You can even set things up to sync automatically so your changes are synchronized to all of your devices as you save. Use My MasterCook Manager to get started!

Powerful New Merge • Make it a snap to import your content from previous versions or backups. Use My MasterCook Manager to select a previous version, backup folder, or any folder that has MasterCook files. Not sure where they are? The new merge will search subfolders for MasterCook files too.

Group Cookbooks • Share and collaborate with friends and coworkers in real time. Create a group cookbook and give others either view only access or allow them to add recipes. Use My MasterCook Manager to create your first Group Cookbook and start collaborating! NOTE: If you share recipes in a Group Cookbook, the recipes will NOT count against their storage limits. So you can share with users who are using the free option.

System Requirements: • Microsoft® Windows® 10, Windows 8, Windows 7, or XP • Processor support: 32-bit.
