[Five Field Forever]

Anyway I realize that many of my new followers, follow me because of this update. Thank you :) I'm sure that Ensemble Stars will release more  
CDs in the future, but I'm not sure I can upload every ES CDs again like this. I'm also not really good player and still newbie on the game, so I'll  
skip posting about the game on my blog. But one for sure, as long as Asanuma Shintaro still play in this series, I'll keep updating at least CDs with  
Leo or event with him. Also really curious with the Stage Play, maybe will update about it too.

Read more to the new link all Ensemble Stars Unit CD Vol 1.
