In Dragon Ball Xenoverse Goku And Friends' Fierce Battles Will Be Reborn!

FOR THE FIRST TIME EVER, THE DRAGON BALL UNIVERSE IS COMING TO STEAM!

Dragon Ball Xenoverse revisits famous battles from the series through your custom Avatar, who fights alongside Trunks and many other characters. Will the strength of this partnership be enough to intervene in fights and restore the Dragon Ball timeline we know? New features include the mysterious Toki Toki City, new gameplay mechanics, new character animations and many other amazing features to be unveiled soon! Repacklab.com sexy games.

Dragon Ball Xenoverse Features.

CUSTOM AVATAR – Players create their very own Dragon Ball character to take their place in the Dragon Ball world! Choose Earthling, Majin, Saiyan, Namekian or Frieza Clansman and start battling! **NEW LOCATION** – A once dormant clock has started to tick again in the enigmatic and futuristic Toki Toki City! **NEW CHARACTERS** – Mira, an android trying to become the strongest creature in the universe; Towa, a dark scientist coming from a demonic world; The Supreme Kai of Time, a deity who appeared 75,000,000 years ago and her companion bird Tokitoki, a very powerful lifeform that can produce time! **THE MASTER SYSTEM** – Choose an original Dragon Ball character as a Master to train under. Your skill set and training excersizes will vary depending on the Master you choose. Your Master may even suddenly appear in battle to assist you! **STRONG IMMERSION** – Inspired by one of the most famous series ever created. **IMPROVED GAMEPLAY** – Experience a new, fast paced, and technical battle system.

Gameplay.

The game is set almost entirely within a number of 3D battle arenas which are mostly modeled after notable locations in the Dragon Ball universe, accessed from the main hub – the Toki-Toki City. Fighters can traverse the levels free-roaming in large spaces and can fight on ground, in the air and underwater. The game features spoken dialogue from a majority of main characters while in battle, and characters show facial expressions when they strike an opponent or take damage. Milfy City.

Although limited, the players have some freedom to explore the planet Earth as it exists in the Dragon Ball universe along with a handful of other locations, including the aforementioned Toki-Toki City. Xenoverse is also the third Dragon Ball game to feature character creation, the first being Dragon Ball Online and the second being Dragon Ball Z: Ultimate Tenkaichi. Player-created character has the option of becoming an apprentice of the original Dragon Ball characters in order to learn their special moves and access specific costume items. Assassin's Creed: Odyssey.

Game Plot.

Unlike the previous games of the series that usually follow the original Dragon Ball story, Xenoverse features an entirely new story, featuring the player's custom character. The 2014 V-Jump #7 issue, in which the game was announced, draws attention to a mysterious figure watching the first battle between Goku and Vegeta from the shadows. With red hair, a scouter, and the Capsule Corporation logo on his sleeve, this character's identity was not clear. Endless Bounty.
