You can leave your Mac on to download videos and enter sleep mode or shut down automatically once the download process is complete. It allows you to organize and rename the downloaded videos with absolute ease.

Step-by-step Guide on How to Download YouTube Red to MP3.

These following are the two methods that you can use for downloading YouTube Red videos to MP3 using this software program

Step 1. Using "YouTube MP3" Button.

1. First, install the video downloader on your computer. After that, launch the application and visit YouTube.
2. Find your desired YouTube Red video and open it.
3. Now you can copy the YouTube Red video URL and go back to the program interface to click "YouTube MP3" button. The program will immediately download the YouTube Red video and make it into MP3 output.

Step 2. Download YouTube Red and Then Convert to MP3.

1. First open your YouTube Red video, and you will see a "Download" button on the video window. Simply click it to start the download process.
2. Once the download is complete, it can be found within the library under the downloaded tab. On the right side of the video list, you will see a "Add to Convert List" icon.
3. You can click the icon to add the video to the "Convert" tab for video format conversion. In the "Convert" tab, click on the "Convert" or "Convert All" button, and you will get a pop-up window with output format options. Once chosen, clicking OK starts the conversion process, and your file will be changed into the new format.

Download music to an SD card.

You can download songs from the YouTube Music app to an SD card or to your phone's internal memory using the Download button .

Download music to your phone's SD card.

Save to SD card by default.

At the top of your screen, tap your profile picture. Tap Settings . Select Downloads . Switch on Use SD card (Save music to the SD card).

Download videos to SD card.

Go to the song you'd like to save to your SD card. Tap the Download button below the video, or select Download from a video's Menu . The Download button will appear blue below the video once it has been downloaded.

If your device loses connectivity while you're downloading music, your progress will resume automatically when you reconnect to a mobile or Wi-Fi network.
