Helo - Share and Care, connect you to the world APK for Android.

Helo is a social media platform catered to global desis. The mobile app's developer, ByteDance, aimed to bring desis from different regions in one app. You can make new friends, share quotes and wishes, and catch up on Bollywood news. This is made possible by the app's fifteen languages. The social app is fitted with a learning-powered visual platform designed for Indian smartphone content. You will find user-generated content in various formats including photos, short-form videos, music videos, and clips.

Content.

Helo is an app you can use to connect to your friends and family in your native Indian language such as Tamil, Hindi, Telegu, Gujarati, Marathi etc. It is similar to other social media platforms like Facebook, Instagram and Tik Tok. The difference with Helo is that you can download both images and videos right from the app. You can save WhatsApp videos, statuses, Hindi videos, Hindi songs, and Hindi Shayari. This function is a built-in feature. Once you've completed your downloadable content, you can share them on WhatsApp, Facebook, and Xender.

Helo users tend to post short-form videos. The app allows you to use its library of filters, effects, music, and soundbites to overlay on your videos. The editing tools are similar to those of Tik Tok. The reason for this is because ByteDance owns both Tik Tok and Helo. Helo users can also gain notoriety with the content they create. These Helo stars include famous Indian personalities, musicians and actresses. But, you can also use the app's features to gain followers of your own. Helo creators can use Helo Insights and Helo Playbook to know which content their followers are interested in. You can also engage with followers through the live stream feature. This will allow you to engage and interact with your audience in real-time.

Networking feature.

You can also use Helo as a source of income. The platform offers small tasks that you can complete everyday like sharing a referral code to your friends or sharing a post. The app's task center features the list of tasks you can complete, which vary from new user tasks to daily tasks. Rupees you earn from the tasks will be transferred to your PayPal account.

Full-featured platform.

Bytedance delivered on its goal to create an AI-powered, visual platform for Indian mobile users. The app has an array of tools that you can use to share content, interact with your friends, and connect with other Indians on the app. You can also use its features to get insights from your followers. Its money-making feature is also useful in earning rupees. However, you can only go as far as earning pocket money from this feature. As Helo continues to reach more users, it has partnered with Alt News, an Indian, non-partisan fact-checking company. They also run a PSA within the app that reminds users to be mindful of the content they produce.
