GTA 5 on ps4 is the best selling playstation 4 games until now , the good news is you can download it as a free ps 4 free game only on this wwebsite , if ypu want to know more about this game please readt the descprition : Trouble taps on your window again with this next chapter in the Grand Theft Auto universe, set in the city of Los Santos and its surrounding hills, countryside and beaches. A bold new direction in open-world freedom, storytelling, mission-based gameplay and online multiplayer, Grand Theft Auto V Ps4 focuses on the pursuit of the almighty dollar in a re-imagined, present-day Southern California. From skydiving and submarine exploration to bounty-hunting and watching animated shorts, GTA V ps4 is absolutely crammed full of things to do, and it looks amazing while you do them

gand Theft Auto V Ps4 deserves accolades for its innovative triumvirate of antiheroes, its many and varied missions, and the sprawling depiction of Los Santos and the hillbilly outbacks. But to rip off what an erudite author once said about Oakland, there is no "there" there. I can't imagine any scenario in which a literary icon like Gertrude Stein would be critiquing a video game, but that legendary putdown can also apply to the Greater Los Santos Area. There is something missing in GTAV ps4 that makes the game less engaging than the sociopathic sandboxes of GTA: Vice City and GTA: San Andreas, the two GTA games that will perpetually be my measuring sticks for the franchise. Los Santos is a sprawling sun-soaked metropolis full of self-help gurus, starlets and once-important stars. The city was once the envy of the Western world, but is now struggling to stay relevant in an era of economic uncertainty and reality TV. Amidst the chaos, three very different criminals chart their own chances of survival and success.
