Sahl Yasin.

There are plenty of places from where you can download Mp3s of Quran recitation, and I do encourage you to check out those places, a lot of brothers and sisters put in hard work to make them available to you, I am sure.

The benefit, however, from downloading Qur'an from Islam Factory is that the files are mostly ID3 tagged correctly, with the Latin alphabet, which ensures compatibility across a range of devices, whether it be your iPod, Zune, or the mp3 enabled stereo system in your car. The files will be sorted without you having to do any legwork, insha'Allah.
