Avast Antivirus – Scan & Remove Virus, Cleaner.

Protect against viruses & other types of malware with Avast Mobile Security, the world's most trusted free antivirus app for Android.

Protect your privacy by receiving alerts when spyware or adware-infected apps are downloaded onto your device. Secure your device against phishing attacks from emails and infected websites. Turn on the VPN to keep your online browsing private and safe, as well as to access your favorite paid streaming services when traveling abroad. Get alerts when your passwords have been compromised by hackers.

With more than 100 million installs , Avast Mobile Security & Antivirus provides much more than just antivirus protection.

Free features:

✓ Antivirus Engine ✓ Anti-Theft ✓ Hack Check ✓ Photo Vault ✓ File scanner ✓ Privacy Permissions ✓ RAM Boost ✓ Junk Cleaner ✓ Web Shield ✓ Wi-Fi Security ✓ App Insights ✓ Virus Cleaner ✓ Wi-Fi Speed Test.

Premium features for advanced protection:

■ Camera Trap: Secretly capture photos and audio of the thief if your phone gets stolen. ■ Last Known Location: Check your device's last location before its battery died. ■ App Lock: Keep your sensitive content secure and private by locking any app with a PIN code, pattern, or fingerprint password. Only you'll be able to access them. ■ Remove Ads: Eliminate ads from your Avast Mobile Security & Antivirus experience. ■ Avast Direct Support: Contact Avast directly from the app to receive quick responses to your inquiries.

Finally, Ultimate users can enjoy our VPN (Virtual Private Network) as well - Hide your online activities from hackers and your ISP by encrypting your connection. You can also change your location to access your favorite paid streaming services from anywhere.

Avast Mobile Security & Antivirus in detail.

■ Antivirus Engine: Automatically scan for viruses and other kinds of malware, including spyware, Trojans, and more. Web, file, and app scanning provides complete mobile protection. ■ App Insights: Discover how much time you spend using each app on your device and take back control of your phone-life balance. ■ Junk Cleaner: Instantly clean out unnecessary data, junk files, system caches, gallery thumbnails, installation files, and residual files to give you more space. ■ Photo Vault: Secure your photos with a PIN code, pattern, or fingerprint password. After moving photos to the Vault, they are fully encrypted and only accessible to you. ■ Web Shield: Scan and block malware-infected links, as well as Trojans, adware, and spyware (for privacy and safe web browsing, e.g. Chrome). ■ Wi-Fi Security: Check the security of public Wi-Fi networks, browse safely, and make secure online payments from anywhere. ■ Hack Alerts: See which of your passwords have been leaked with a quick and simple scan, so you can update your login credentials before hackers infiltrate your accounts.

This app uses the Device Administrator permission. This permission allows you to remotely lock and wipe your device from my.avast.com

This app uses the Accessibility permission to protect visually impaired and other users against phishing attacks and malicious websites.

Avast! Free Antivirus 21.4.6266.

Avast! is packed with the largest threat-detection network, machine-learning virus protection, easy password management and home network security that won't slow down your PC.

Windows macOS Android.

Easy to install, effortless to use.

Avast Free Antivirus scans for security and performance issues and tells you how to fix things instantly.

It protects you in real-time by analyzing unknown files before they get to you. So relax: With Avast, you're running the most trusted antivirus out there.

What's inside the latest version?

A beautifully intuitive interface, advanced application protection, a new passive mode for running multiple security products in parallel — and a little something for you gamers and movie buffs.

Designed for effortless security.

Just a click of our fresh, new, easy-to-use interface checks everything from your passwords to your home network security.

Game or movie time. Now uninterrupted.

We've renamed Game Mode and taught it some new tricks. Now called Do Not Disturb Mode, it blocks distracting popups whether you're gaming, watching movies, or presenting in fullscreen.

Introducing Behavior Shield.

We don't just check your applications for malware. We now keep an eye on their behavior to make sure they don't suddenly go rogue.

This is no run-of-the-mill free antivirus.

On top of our latest features, we cover essential intelligent threat-detection and real-time protection with such a light touch on your PC, you never even know it's there.

Intelligent Antivirus.

Detect and block viruses, malware, spyware, ransomware and phishing. We use smart analytics to stop threats before they affect you.

CyberCapture.

Automatically send suspicious files for analysis in the cloud, and push a cure to all Avast users if it's a threat.

Wi-Fi Inspector.

Automatically detect weaknesses in your home Wi-Fi and strangers piggybacking on your network.

Smart Scan.

Find all those cracks which allow malware to slip in, from unsafe settings and passwords to suspicious add-ons and out-of-date software.
