

download ubuntu 19.04 laptop iso

Get Lubuntu.

Download lubuntu, a fast and lightweight Linux operating system. Lubuntu uses LXDE/LXQT and a selection of light applications. It focuses on speed and energy-efficiency. Because of this, Lubuntu has very low hardware requirements.

Download Latest lubuntu Version 19.04.

Previous Alternate Images.

Choosing the right version:

64-bit version suitable for PCs with Intel or AMD chip. 32-bit version, for most PCs older than 2007. PowerPC version for Apple Macintosh G3/G4/G5 and IBM OpenPower, please choose Long Term Support (LTS) version below. Mac64 version for Intel Macs, 2006 and beyond, please use the 64-bit version. For low-RAM (less than 700 MB) PCs use the Alternate versions with a smaller set of applications.

Download Raspberry Pi 2 & 3 Version (16.04)

This image was created using the Ubuntu Pi Flavour Maker. For the Raspberry Pi 2 the microSDHC I/O throughput is a bottleneck. Recommended: Use a Class 6 or Class 10 microSDHC card. More information here.

Download Version 16.04.3 LTS.

The Longterm Support (LTS) version.

Note: some versions, like PowerPC or Alternate, may be older releases.

Ubuntu 19.04 (Disco Dingo)

Ubuntu is distributed on three types of images described below.

Desktop image.

The desktop image allows you to try Ubuntu without changing your computer at all, and at your option to install it permanently later. This type of image is what most people will want to use. You will need at least 1024MiB of RAM to install from this image.

Choose this if you have a computer based on the AMD64 or EM64T architecture (e.g., Athlon64, Opteron, EM64T Xeon, Core 2). Choose this if you are at all unsure.

Server install image.

The server install image allows you to install Ubuntu permanently on a computer for use as a server. It will not install a graphical user interface.

Choose this if you have a computer based on the AMD64 or EM64T architecture (e.g., Athlon64, Opteron, EM64T Xeon, Core 2). Choose this if you are at all unsure.

A full list of available files, including BitTorrent files, can be found below.

If you need help burning these images to disk, see the Image Burning Guide.

Download ubuntu 19.04 laptop iso.

Bring the MATE experience to your desktop or laptop computer.

Or, buy it preloaded:

Entroware.

Purchase a new Ubuntu MATE computer.

Or. choose a hardware port:

Raspberry Pi.

32-bit. Compatible with models: B2, B3, B3+ and B4.

Raspberry Pi.

64-bit. Compatible with models: B3, B3+ and B4.

GPD Pocket.

Optimised for this hardware.

GPD Pocket 2 and GPD WIN 2.

Plus OneMix Yoga 1s and OneMix Yoga 2.

GPD Micro PC.

Optimised for this hardware.

GPD P2 Max.

Optimised for this hardware.

GPD WIN Max.

Optimised for this hardware.

Topjoy Falcon.

Optimised for this hardware.

Download Links of Ubuntu 19.04 and Official Flavors (with Direct Links, Torrents, and Checksums)

Ubuntu 19.04 released Thursday, 18 April 2019 along with 7 Official Flavors. This page lists all download links of ISO images both direct links & torrents with MD5SUMS. Among these links, I highly recommends you to download via torrents instead as it's faster, more reliable, and in same time it benefits the whole community. Happy downloading, happy working!

Downloads.
