Grand Theft Auto: San Andreas is one of the amazing and best ever games in the world of action. This game will always be on top of the list of action games. It was developed by the Rockstar Games Company. At first, this game was developed for video games and then it was released on the mobile platform.

The story plot of the game revolves around a character named Carl Johnson. Five years ago, he was so frustrated and wants to escape from the pressures and problems of life. He escaped to Los Santos, San Andreas. This city has already in the limelight of various gangster groups, drug cases, and corruption.

In the early '90s, Carl get to know his mother was killed, his family was not good and his friends are facing disaster. Carl was forced to the movie to the city to protect his family and friends from gangsters. And he wants to take on the gangster street under his control. This is where the game has started. Players can use various weapons, cars, guns to fight against rivals in cities such as Los Santos, Las Venturas, and San Fierro.

GTA SA Features.

The Rockstar Games has developed this game with various amazing features. Players can feel as they are in the real action world with its amazing high-quality graphics, awesome sound effects, beautiful colors, characters, cool music and much more. Like other action games, this game also comes with fabulous features. Without late, let's check out the game features. You can check out this post for GTA like games.

The GTA San Andreas mod apk includes – Unlimited money, weapon, all ammo, health, and everything unlocked. The first thing we have to

mention in the features list is its graphic quality. This game comes with high-resolution graphic quality, animation, remastered developed especially for the mobile platform. It includes lighting enhancements, improved and amazing character models, background colors and enriched color palettes. For the Rockstar Social Club Members, they can get the game save option to play the game on mobile devices. This game comes with analog controls which let the players play easily with the movement controls. It consists of three various types of control adjustments and well-advanced customizable controls with different contextual options. You can use these control buttons when you want to use only. This Mod hack is compatible with USB gamepads, Bluetooth and MoGa Wireless Game controllers. You can enjoy its graphics and sound effects and get real-life experience in the action field. You can customize and adjust the graphic settings. GTA San Andreas apk supports English, German, French, Russian, Italian, Japanese and Spanish.

This game comes with well enhanced graphic visual quality and powerful sound effects and players can enjoy the gameplay of about 70 hours. It available on Google Play Store for free and has to do in-app purchases. But with GTA San Andreas Apk, you can get unlimited guns, cars, energy, money and much more.

Install GTA San Andreas APK On Android.

First of all, download the GTA SA Apk & obb file from the links above. Go to Settings >> security >> enable "unknown sources" to install the apk. Now open the downloaded apk & install it normally. , open the application. Locate the obb zip file. Extract the downloaded obb zip file to SDcard/Android/obb . Reboot the device, and enjoy the gameplay.

That's how you download & install GTA Sa Andreas on android phone, and make sure you don't have any previous versions of GTA SA installed, you have to uninstall it before you begin the process.

Grand Theft Auto San Andreas GamePlay.

I hope you guys got enough information about GTA San Andreas Apk + highly compressed Obb data for Android devices and its complete download process. We recommend you reboot or refresh your device after downloading and close other applications when you play.

Description Overview Grand Theft Auto San Andreas Apk for Android.

GTA San Andreas is a action product that require android OS for mobile devices.Latest version Grand Theft Auto: San Andreas v2.00 updated with lots of features. Download free GTA San Andreas apk [v1.08] by click the button below of this page. You may also have GTA 4 v1.3.4 Apk from 5kapks.

We all know about the GTA saga and most of us have played one or several installments. All their games have a common history: the characters, different criminals, end up involved in problems that must be solved in an open world map and carrying out dangerous missions of all kinds.

Grand Theft Auto San Andreas is one of the favorite games of all, which returns to the forefront remastered and adapted to smartphones and tablets Android.

Screen Shorts of GTA San Andreas Android App v2.00.

Fights between gangs, revenge, assassinations, and car thefts, what more do you want?

It is an action and adventure video game released in 2004 for PS2 and presented later for PC and other platforms and that more than a decade later is still stored with love in the memory of many.

The plot takes place in the fictional state of San Andreas in 1992. Carl Johnson, the protagonist, returns after years of absence to investigate the murder of his mother. There, in an area occupied by opposing gangs, he will be accused of homicide by the police and will tour the three cities of the state (Los Santos, San Fierro, and Las Ventura's) to clear his name, avenge the death of his mother and protect the rest of his family.

What's so special about the San Andreas Mobile soundtrack?

One of the peculiarities of all GTAs is that when driving the vehicles of the game you can listen to different radio stations and between them, all the soundtrack is composed. The original San Andreas free download was revolutionary since it was the first of the saga to have songs mixed at random, with different announcements each time and several speakers who got a more real and less repetitive radio. In addition, it included and includes songs by bands and singers such as The Who, Depeche Mode, James Brown, Guns and 'Roses, Snoop Doggy, Cypress Hill or 2Pac, among many others.

The result does not go unnoticed and even today, many players continue to play with the sole objective of driving through the city, escape the police and listen to the car radio, without doing a single mission along the way. If you want to enjoy the APK of Grand Theft Auto San Andreas, it is worth it until the last cent that costs the official download of the game.

GTA San Andreas for mobile:

One of the platforms that perfectly represent this new update game concept is mobile devices, being increasingly similar to a portable console thanks to the broad technological advance they receive periodically, improving their performance and possibilities, making them more attractive for both users as for the creators of mobile games. Therefore, the creation of a version of Grand Theft Auto San Andreas for mobile was simply a matter of time. And so it has been; through what is known in the field of video games as a "port" has created the possibility of playing now one of the greatest classics in the industry without bugs or interruptions of any kind. You just need to download GTA San Andreas for Android, install it, run the application and start enjoying.

Keep in mind that it is not a remastering of the game, so the graphics and physics remain identical. Even with that, it is still a perfectly enjoyable game that has also managed to adapt perfectly to the controls and the touch screen of mobile devices.

Knowing the easy accessibility of the Android Operating System both for users and for the programmers themselves, it is not surprising that the version of Grand Theft Auto San Andreas Android is the one that is best implemented and is the most popular of them all.

San Andreas For Mobile Phones Offers All This, And Much More:

The new update of the game comes with the improvements and the necessary options so that this great classic continues maintaining that same status. The following features make it possible not to lose a bit of gameplay or its original charm:

- ✓ Special mention to the control of the camera, which can be set to automatic or adapt it to analog sticks or any command specially designed to play on Android, giving it the title of several possibilities in terms of game style.
- ✓ In addition, it is also important to mention the contextual options of this control, which intelligently hides the buttons on the screen when they are not necessary to enhance immersion in the game and enhance their enjoyment.
- ✓ Be able to download GTA San Andreas free for Android, this being one of the few completely free versions that exist in the network. The rest of mobile versions are usually paid (€ 6.99 in the official play store) or “premium”, while for other platforms such as PCs and consoles we can find it at € 7.99 and more than 10 euros. So to be able to download the APK file of GTA San Andreas completely free of charge is to assess.
- ✓ Possibility of saving your games in the cloud.
- ✓ Full compatibility with Bluetooth controls and/or gamepads of any type (including the MOGA wireless controls).
- ✓ A much wider and more complete color palette that adjusts to the characteristics of the new mobile phones and tablets of the market.
- ✓ Possibility of configuring audio and video of the title to minimize the level of requirements to the maximum and even users with an old smartphone model can enjoy the game.

Requirements To Play GTA San Andreas On Android:

It is necessary to have an Android version equal to or greater than 4.0 Free storage space of at least 2.4GB plus the relevant saved spaces on the SD card as you create games and progress through them. The recommended thing is, therefore, at least 2.7 or 3GB in total. It is not necessary to be root or activate it in any special way. It contains online multiplayer, so you can play GTA San Andreas online on Android from your mobile phone or tablet. A powerful microprocessor is not necessary: it works with an armv7 or similar model. As for RAM, a minimum of 2 GB is required. Minimum recommended speed of 1 .8 GHz. Android 7.0/7.1.2 [Nougat] Only Works on 7.0 and so on.. Tested Devices: Samsung S4,S5,S6,S7 and Samsung Note 4,Note 5.

As you can see, these are quite affordable requirements for virtually any mobile phone or tablet today, with very low specifications. And that is the good thing about being an old title released for PS2: we do not need a high-end mobile to play it. This, in addition, offers us in evidence also how much mobile has advanced today, allowing download Grand Theft Auto San Andreas for Android, a video game of PlayStation 2 and now we can run on our latest generation smartphones without major problems, in what is a clear sample of how superior these are in terms of the power that the console offered in its day.
